

NTB03 Pressing Tool

'A Quality Connection Made Easy'

Key Benefits:

- German manufactured technology
- Light and easy to operate – ONLY 1.6KG
- Suits EUROPRESS sizes 15mm – 35mm
- 180° rotatable head
- Uses the renown and reliable Milwaukee lithium-ion battery
- In-built work light to illuminate the press zone
- Automatic pressing cycle with approved pre-set torque settings
- Lanyard connection to prevent tooling from being dropped and the resulting damage
- Electric lock pin which prevents the tool operation until the pin is fully inserted
- LED signal pad showing the battery status and signals for tooling errors
- Bluetooth capability to access an operation log via an app on your mobile phone
- Compatible with other press systems, both plastic and metal, and with pressing jaws from some other manufacturers if you have existing tooling

Technical Specifications:

Size Range:	Europress sizes 15mm to 35mm
Weight:	1.6kg (without battery & pressing jaw)
Length:	320mm
Width:	98mm
Height:	72mm
Power Consumption:	240W
Piston Force:	24kN
Piston Stroke:	30mm
Battery:	Milwaukee M12 battery system
Estimated Battery Capacity:	Up to 250 pressing cycles
Estimated Charging Time:	45 to 75 minutes

EUROPRESS NTB03 tools come with standard carry case, battery, and battery charger. Pressing heads are purchased separately.
